

**PERMATIMBER<sup>®</sup>**  
*Alternative, Clever*

**QUICKBOARD<sup>™</sup> INTERIOR WALL AND CEILING LINING**

## QuickBoard™ VJ

QuickBoard™, made from PVC composite, is a lightweight, low maintenance alternative to traditional timber or MDF. Our waterproof VJ lining offers flexibility in design, ensuring a seamless fit for your unique space.

---

*QuickBoard™ VJ is available in*

- Cedar, Arctic White, and Light French Oak
  - 2700mm and 4800mm lengths
- 

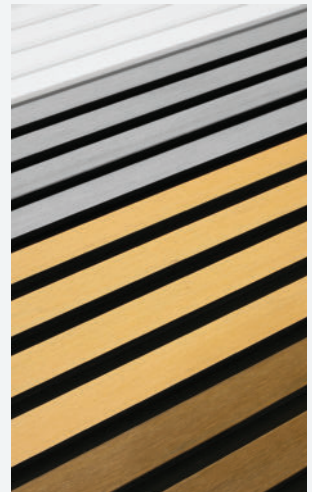

## QuickBoard™ Castellated

QuickBoard™ Castellated Lining displays a ribbed profile perfect for feature walls and ceilings. This waterproof product can be installed vertically or horizontally.

---

*QuickBoard™ Castellated is available in*

- Light Ash, Tasmanian Oak, and Arctic White
  - 2700mm and 4800mm lengths
- 

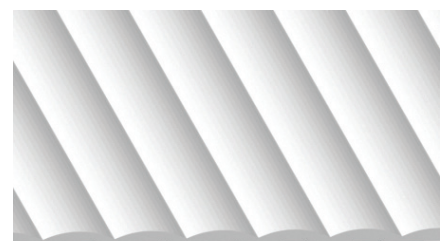

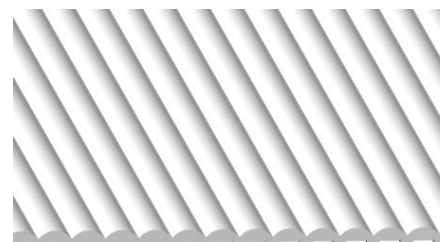

## QuickBoard™ Convex 20 & Convex 40

QuickBoard™ Convex offers a unique, modern finish for walls and ceilings. Available in both a 20mm and 40mm convex, this waterproof lining shows dramatic lines and shadows.

---

*QuickBoard™ Composite Convex Lining is available in*

- Semi-Gloss Antique White
  - 2700mm length
- 

# QuickBoard™ Wave 22.5 & Wave 45

QuickBoard™ Wave adds interest to ceiling and wall linings. The profile features a wave pattern, creating distinct shadows and lines. Available in both a 22.5mm and 45mm wave, this lining is waterproof and can be used horizontally or vertically.

---

*QuickBoard™ Composite Wave Lining is available in*

- *Semi-Gloss Antique White*
  - *2700mm length*
- 

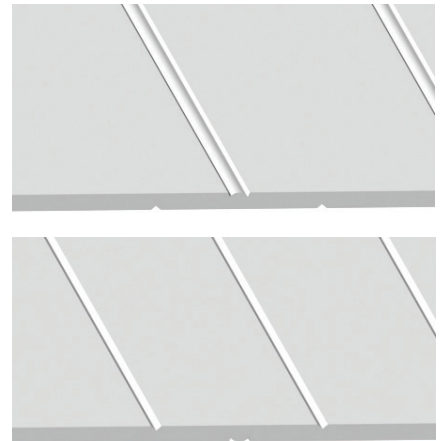

# QuickBoard™ VJ-Crown Reversible

The QuickBoard™ VJ-Crown Reversible waterproof lining is a great option for ceiling and wall lining.

---

*QuickBoard™ Composite VJ-Crown Reversible Lining is available in*

- *Semi-Gloss Antique White*
  - *2700mm length*
- 

# DriftBoard™

DriftBoard™ is a unique timber-like wall lining. Each coloured board is unique, in order to mimic how traditional timber is always unique. Easy adhesive backing for each board to fix onto walls for installation. Each board is pre-finished giving you all the beauty of natural timber without any of the associated maintenance.

---

*DriftBoard™ Internal Wall & Ceiling Lining is available in*

- *Bleachwood, Jetty, Char and Beachcomber*
  - *2700mm length*
-

Screws & Clips						
Every product in the QuickBoard™ range comes equipped with clips, ensuring a seamless installation process. To secure the perfect fit to batten, we recommend using point 6 or 8 gauge by 13mm counter-sunk screws or their equivalent.						
For comprehensive guidance on installation, refer to our detailed installation guide available at <a href="http://www.permacomposites.com">www.permacomposites.com</a> .						
Elevate your project with QuickBoard™ – where convenience meets excellence.						
		FIXING CLIP Fixing Clip – QFX001 Screws are to be purchased separately. Clips required for QuickBoard™ only.				
Due to potential colour variation between batches, please ensure you always check the batch number prior to installation. It is not recommended to mix batches or lengths in the same area of installation. Colours may vary slightly between sample and final product.
