Alternative, Clever

PermaTimber® was born from a need for an alternative, clever timber product that is long lasting, easy to install and requires no prep work and little ongoing maintenance.

We succeeded in creating the PermaTimber® range, a composite material that won't fade, warp or need maintenance work.

SPOTLIGHT ON **SHOU SUGI**

It's the style on everyone's lips. Shou Sugi Ban is wood preservation technique that involves charring the surface of wood and the finish has become incredibly popular in the last few years. PermaTimber's range has two Shou Sugi Products - our Char DriftBoard™ Wall and Ceiling Lining and our Shou Sugi CX Original Cladding. Why not try it in your home?

DriftBoard™

DriftBoard™ is a unique timber-like wall lining. Each coloured board is unique, in order to mimic how traditional timber is always unique. Easy adhesive backing for each board to fix onto walls for installation. Each board is pre-finished giving you all the beauty of natural timber without any of the associated maintenance.
