PERMATIMBER®

Alternative, Clever

225 Solid Decking

PermaTimber® 225 Decking is a sleek double-sided board that features a wood grain on one side and a reeded finish on the other. With a massive 750mm span, it is ideal for heavy traffic areas.

LOW MAINTENANCE. NATURAL LOOK. DECKING

Please ensure you download and read a copy of the PermaTimber® Decking Installation guide prior to, and during your installation. Failure to do so will void your warranty.

# 225 Solid Decking

Features

- **Low Maintenance:** No staining, painting or oiling required. Scratches easily sand out.

- **Quick & Easy to Install:** Thanks to our simple hidden fixing system.

- **Sleek Natural Look:** Get that traditional timber finish without the hassle.

- **Non-Slip Surface:** Ideal for poolside and coastal locations.

- **Insect and Salt Resistant:** Never fear white ants or termites again!

- **UV Stabilised:** We've included UV inhibitors so colour holds.

- **Eco-Friendly:** Made from 87% recycled materials.
