

Composite Skirting Boards

PermaTimber™ Composite Skirting Board is the ultimate modern alternative to traditional timber and MDF linings, combining durability with effortless style. Made from high-quality PVC composite, this innovative skirting board is designed to withstand daily wear and tear while maintaining its sleek appearance. Unlike natural wood, it resists moisture, warping, and termite damage, making it perfect for high-humidity areas like kitchens, bathrooms, and basements.

Upgrade your interiors with PermaTimber™ Composite Skirting Board, where practicality meets modern elegance for a flawless, long-lasting finish.

Features

- **Pre-Finished Excellence**

Enjoy the beauty of Semi-Gloss Antique White without the need for oiling, painting, or staining. PermaTimber® Composite Profiles come pre-finished to save time and effort.

- **PVC Composite Mastery**

Crafted from PVC composite, our profiles are lightweight and low-maintenance, an ideal alternative to traditional timber or MDF.

- **Ease of Installation**

Quick and simple to install using fast-fix glue or double-sided tape, no complications.

- **Effortless Customization**

Easy to cut and shape, allowing a perfect fit for any space.

- **Insect-Resistant**

Resistant to white ants and termites for long-lasting durability.

- **Waterproof & Durable**

No swelling, rot, or mildew. Perfect for moisture-prone areas.

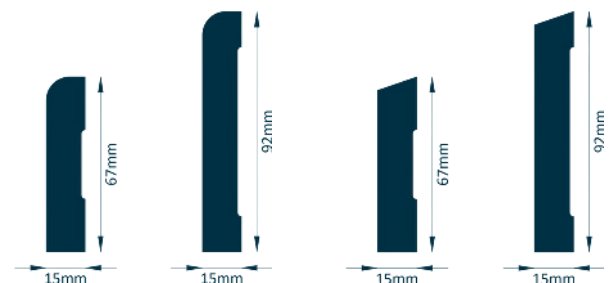

- **Cost-Effective & Low Maintenance**

Skip the painting and ongoing upkeep. A long-term, affordable solution.

- **Customization Options**

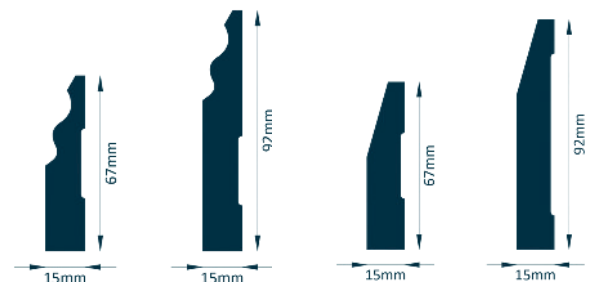

Supplied in Antique White, but can be painted with quality paint to match any colour scheme.
